Key Safety Measures

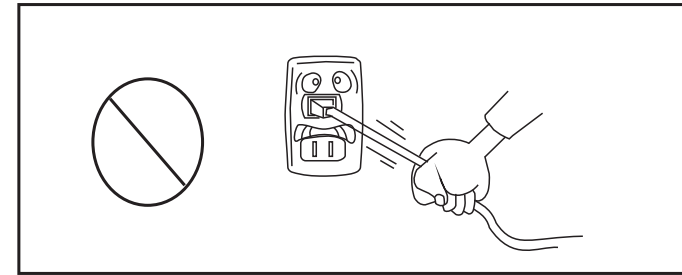

1. **Power:** Please only use the power supply provided for charging.

2. **Electric Shock:** Don't attempt to plug or unplug the Boom Box if you have wet hands. Please keep the Boom Box away from any liquids. i.e. please don't place a vase of flowers on the Boom

3. Never open or try to repair the Boom Box. If proper precautions are not taken then the risk of serious electric shock is increased.

4. **Tripping Hazard:** Please ensure that the positioning of both the power cable and the connecting cable for the Boom Box are in a safe place and don't create a tripping hazard. Never try to remove the plug from the socket by pulling on the cable.

Usage and Accessories

1. Adjust minimum master volume before turning **ON** the unit, then input audio signal, at last, adjust the volume into suitable place.
2. If you want to use wireless microphone, wired microphone or guitar, please be sure connect the correct jack and adjust microphone, guitar volume and echo effect.
3. When on Mp3 mode, USB board will read Mp3 song automatically.

Specifications are subject to change without notice.
