USER GUIDE

This user manual contains important information for safe operation and optimal megaphone performance. Please carefully read and follow safety notes and instructions. Save this manual for future reference. Ensure it is available to all persons using this device.

PRECAUTIONS

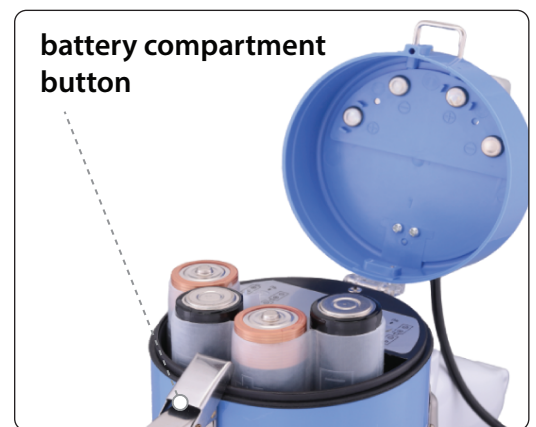

- Ensure correct polarity of cells used. Insert the batteries correctly by aligning the (-) marks on the batteries with the spring in the back cover.
- Use new batteries/cells whenever possible.
- When the megaphone is not in use for a long period, remove the dry cells and replace them. Drained cells or rechargeable batteries may result in insufficient sound volume.

Battery Insertion

1. **Access the Battery Compartment:** Unfasten the clip located near the top, back-side of the unit. This will release the lid to reveal the battery compartment.
2. **Insert Batteries:** Insert 8 x Type-C (UM-2) batteries into the battery compartment, ensuring that the correct polarity is observed. Follow the positive (+) and negative (-) markings inside the battery case for proper placement.
3. **Close the Battery Compartment:** Close the cover and fasten the clip until locked.

Note: Ensure the batteries are inserted correctly, observing the correct polarity.

California Prop 65 Warning

⚠️ WARNING:

This product may expose you to chemicals, which is known to the state of California to cause cancer, birth defects and other reproductive harm. Do not ingest.

Operating Instructions

1. Powering On/Off & Selecting PA Mode:

- Slide the PA Mode Selector Switch located on the side of the megaphone to choose the desired mode.
- **Available modes:**
 - **Siren:** Activates a continuous alarm siren.
 - **Talk:** Allows for voice amplification through the microphone.
 - **Off:** Powers off the megaphone.

2. Using the Talk Mode:

- In Talk mode, speak into the microphone mouthpiece while pressing the Press-to-Talk button on the detachable handheld differential microphone.
- Alternatively, you can use the PA Talk Trigger Switch located on the megaphone's handheld pistol grip for hands-on operation.
- **Note:** The handheld mic also features an adjustable volume control slider for convenient volume adjustments.

3. Siren Mode:

- When the Siren mode is selected, the megaphone will emit a continuous alarm siren.
- Switch to another mode (Talk or Off) to stop the siren.

4. Powering Off: To turn off the megaphone, slide the PA Mode Selector Switch to the Off position.

Features:

- (2) Megaphone Modes: Talk + Siren Alarm
- Convenient Coiled-Cord Handheld Microphone
- Built-in LED Lights
- Adjustable Volume Control
- Simple Button Control Operation
- High-Powered Audio Reproduction
- Portable Battery-Operated Design
