### INSTRUCTIONS PERTAINING TO A RISK OF FIRE, ELECTRIC SHOCK, OR INJURY TO PERSONS

#### IMPORTANT SAFETY INSTRUCTIONS

**WARNING-** When using electric appliances, basic precautions should always be followed. Including the following:

1. Read all the instructions before using the appliance.
2. To reduce the risk of injury, close supervision is necessary when an appliance is used near children.
3. Do not contact moving parts.
4. Only use attachments recommended or sold by the manufacturer.
5. To disconnect, turn all controls to the off ("0") position, then remove plug from outlet.
6. Do not unplug by pulling on cord. To unplug, grasp the plug, not the cord.
7. Unplug from outlet when not in use and before servicing or cleaning.
8. Do not operate any appliance with a damaged cord or plug, or after the appliance malfunctions or is dropped or damaged in any manner.
9. Return appliance to the nearest authorized service facility for examination, repair, or electrical or mechanical adjustment.
10. This appliance is provided with double insulation. Use only identical replacement parts. See instructions for Servicing of Double-Insulated Appliances.
11. **To Reduce the Risk of Electric Shock**, this appliance has a polarized plug (one blade is wider than the other). This plug will fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician to install the proper outlet. Do not change the plug in any way.
12. For household use only, outdoor use. **Do Not Immerse In Water.**
13. To reduce the risk of electrical shock, do not put appliance in water or other liquid. Do not place or store appliance where it can fall or be pulled into a tub or sink.
14. This appliance is provided with double insulation. Use only identical replacement parts. See instructions for Servicing of Double-Insulated Appliances.
15. **SERVICING OF DOUBLE-INSULATED APPLIANCES-**  
In a double-insulated appliance, two systems of insulation are provided instead of grounding. No grounding means is provided on a double-insulated appliance, nor should a means for grounding be added to the appliance.

## PRODUCT FEATURES AND FUNCTIONING PRINCIPLES:

**Please read the instruction manual carefully before using it.**

**PSLBZ25** has using 7W BLB tube to lure insects, energy waving and low consumption and then the built in powerful DC suction fan will suck more insects flying around into the bottom collection box which will be dried out to death by the continuous working suction fan and make them die of dehydration soon. This unit is chemical free and environmentally friendly to human beings and pets, it will help to rid your backyard and home of annoying biters and ensuring you a bite-free summer! No high voltage! No zap! No unpleasant burning smell!

### PRODUCT CONSISTS OF:

- One luring UV-A lamps, energy saving and low consumption and high efficacy.
- Tube shield with reflectors function for more attraction.
- One powerful DC suction fan with ultra-long working life.
- Anti-insect escaping device.
- Removable bottom collection tray for easy cleaning.

### SAFETY PRECAUTIONS:

- Read the instructions before using.
- Do not put any metal objects inside while working.
- Unplug the appliance from the outlet when not in use and before cleaning and repairing.
- Children should be supervised to ensure that they do not play with the appliance. Close supervision is necessary when any appliance is used by or near the children.
- If any problems, please contact the authorized service center.

### MAINTENANCE:

**Step1:** Through the visible window in bottom collection box to judge the time for cleaning.

**Step2:** Remove the plug and twist the switch off.

**Step3:** Twist the bottom collection box and then throw away the insect bodies inside.
